Chief of Police**

DATE: June 13, 2020

RE: Special Order #20-035 Demobilization Plan for 2020 Civil Disturbances

Personnel Demobilization Plan for 2020 Civil Disturbances,
Week of 06/14/20-06/20/20

Starting 1st Platoon, Sunday, June 14, 2020 we will enact the following strategy to demobilize our crowd control detail. This will still allow us to maintain a ready reserve of sworn members to respond to any incidents within the city. This plan will further reduce the need for logistical support and return LMPD members back to LMPD facilities.

- SRT and SWAT will move to on-call status. SRT will be able to respond to any civil disturbance with an adequate number of personnel within 30 minutes of being alerted.
- MCD and CID will report to their shifts with their uniforms readily available. They will perform their regular duties and be ready to deploy from 701 W. Ormsby as a rapid response force. They must be able to be moving to any location in the city within 10 minutes notice during their shifts. They will work 1600-0000 except for some CID units who work 1400-0000. **Off days will be taken between Sunday and Thursday.**
- The Traffic Unit will start their shifts at 1600 and be available to the detail upon request.
- Patrol Division Detective, Impact, Traffic and DROs will work from their respective divisions in the same manner with the same hours and RDO restrictions as CID/MCD.
- Patrol officers, sergeants, and lieutenants will perform their normal duties during their normal shift times in their divisions. **Patrol platoons will resume their normal RDOs.** They will be able to rapidly respond to any incidents occurring within their divisions and can coordinate assistance as needed.
- CIC personnel will work at the discretion of the IC and rotate off days as needed. ILOs will remain detailed to the CIC as needed.
- The Mounted Patrol and Air Unit will work at the discretion of and during the hours set by the IC.
