Notification and Response

On Monday April 10th, 2023, at 0838 hours, The Louisville Metro Police Department First Division responded to a report of an active aggressor at 333 East Main Street (Old National Bank). Upon the arrival of Officer Cory Galloway (#5187) and Officer Nickolas Wilt (#5224), the officers were met with gunfire from an unknown assailant (later identified as Connor Sturgeon) waiting for officers to respond from an ambush position. Officer Wilt was struck in the head by gunfire and Officer Galloway was struck in his vest. Officer Galloway was able to move to a position of cover and re-engaged with shooter and able to neutralize the threat.

As more officers responded to the scene, Officer Wilt was taken to the hospital via an LMPD vehicle. Officer Galloway amongst others entered the building to begin searching for any additional victims or aggressors. During the building clearing, four civilians were found obviously deceased in the area of the back conference room of the first floor, and the suspect was obviously deceased in the lobby of the bank. Six other gunshot wound victims were located in several parts of the bank trying to find safety or ways to get transported to University Hospital.
I was notified that I would be the lead investigator in conjunction with Public Integrity Unit for the incident. I arrived on scene approximately 0945 hours.

**Scene Review**

Upon arrival to the scene, I conducted a walk through of the scene with several members of the LMPD Homicide Unit and Public Integrity Unit. We entered the bank from the front entrance where Connor Sturgeon was deceased with a rifle laying next to him. As I made my way towards the front of the bank towards the conference room, I noticed multiple spent rifle casings from the corner office in the northeast office and in the hallway leading to the conference room. Upon arriving at the conference room, there was a male deceased in the hallway, and three more deceased individuals in the conference room, one female and two males. I continued to walk around the rotunda of the first floor and noticed a blood trail that led into the female’s bathroom on south end of the building. At this point of the investigation, there had not been any positive identifications made. I designated Detective Russell Lassiter III to be the scene lead for processing and collection. Please refer to his investigative letter and the CSU reports which are maintained in this case file for further detail of the crime scene.

** Victims**

During the processing of the scene, I received a direct order from Lieutenant Donald Burbright III to have the Jefferson County Coroners Office respond and to make immediate attempts to identify the deceased victims in the bank prior to the completion of processing the scene in the manner which was best to preserve the integrity and evidence within the bank. With the assistance of FBI Special Agent Dan Nalley, the identities of the deceased victims in the bank were found to be:

- Joshua Barrick, W/M,
- Juliana Farmer, B/F,
- Thomas Elliott, W/M,
- James Tutt, W/M,

Through interviews done at the hospital from Sgt. Jody Speaks, Sgt. Alex Eades, Sgt. Joel Casse, Detective Stephen Snider, and Detective Mickey Cohn the following information was discovered from the victims that were taken to University Hospital via various methods.

- Judy Eckert, W/F, shot multiple times to the torso and was transported by LMEMS in critical condition and rushed straight to surgery.
- [Redacted], W/F, shot in the left arm and transported by LMPD unmarked vehicle.
- [Redacted], W/M, shot in the right calf and transported by another civilian.
- [Redacted], W/F, shot in the left shoulder and transported by LMEMS.
- [Redacted], W/M, shot in the left leg and transported by LMEMS.
- [Redacted], W/F, shot in the right leg and transported by LMEMS.
Cell phones belonging to victims

Several Cell Phones were collected on scene from the conference room of the bank belonging to the victims. These phones were to be processed to determine if Connor Sturgeon had any communications with any of the victims in the conference room on the morning of the shooting. I received a direct order from Lieutenant Donald Burbrink III on April 27th to return the phones to the owners/families before all the devices could be properly processed. Please refer to the investigative letter drafted by Lieutenant Donald Burbrink III maintained in this case file in relation to this decision. Any phones that were able to be processed will be stored digitally in this case file.

Interview with the Sturgeon Family

While on scene, I was made aware the parents of the suspected shooter had arrived on scene and were escorted back to their residence with officers. Special Agent Michael McLaurnine of the Bureau of Alcohol, Tobacco and Firearms (ATF) and I went and met with the Sturgeon Family for an interview at 1115 hours. The following is a summary conducted, please refer to the full recorded interview maintained on Evidence.com, and the transcript of the interview also in this case file.

The family members interviewed were parents, and the younger brother, both showed up to scene after being made aware of possible situation from who is the roommate of Connor Sturgeon.
Connor Sturgeon left a note for to find then called mother of Connor Sturgeon at 0837 hours stating a notebook had been left of thoughts and letters to family.
Connor Sturgeon then sent a group text to parents and brother at 0836 hours saying, “I Love you”.
Connor Sturgeon Parents stated he was in active therapy for mental health issues and on various medications for mental health. He had an appointment the previous Thursday and made no statements to indicate self-harm or hurting others. Changes were made to his medications to increase dosage units.
Connor Sturgeon spent the day prior (Easter Sunday) with the family and showed no signs of anything being wrong.
Connor Sturgeon had a prior suicide attempt on Spring Break the previous year in Florida and voluntarily checked into a mental hospital.
Connor Sturgeon told his mother Tuesday the week prior he wanted to go on FMLA from Old National Bank stemming from a panic attack he had on that Monday. He stated he could not pinpoint what was going on with him, but he needed to leave.
Connor Sturgeon was unhappy with his career path, and stated to his parents he was not sure if he wanted to be in the banking industry long term.
According to his parents, Connor Sturgeon had positive relationships with peers and bosses.
Connor Sturgeon was in a healthy long-term relationship with girlfriend,
Connor Sturgeon parents were aware of his distaste for current gun laws. Connor Sturgeon parents could not provide any information as to why or how the incident at the bank occurred.

The interview of the roommate, [redacted] was conducted by Detective Christopher Rutherford, please refer to his investigative letter for the contents of that interview.

The interview of the girlfriend, [redacted] was conducted by ATF SA Michael McLaunine, please refer to his investigative letter for the contents of that interview.

Interviews Conducted on Scene

The following individuals were interviewed on scene for information or roles they took upon arrival, including first aid to victims and clearing the building. Numerous investigators from several investigative units assisted with these interviews. The contents of each interview was documented by the investigator who conducted the interview and will be maintained in this case file.

Timeline of Shooting

The following is summary of events that occurred from when Connor Sturgeon arrived on Old National Bank until officers made entry into the bank after Connor Sturgeon had been neutralized. The ability to put this timeline together came from reviewing the footage of the interior of the bank and the Instagram Live Video that Connor Sturgeon had started prior to the shooting, along with information gathered from the surviving victims in the conference room at the time of the shooting.

- 08:15:00 STURGEON arrives at ONB in his black Mazda sedan, parks, and exits vehicle to retrieve gym bag out of trunk then walks into ONB. (Items in gym bag were found to be: Change of shirt, rifle, magazines, ear protection and eye protection)

- 08:35:12 STURGEON exits his corner office on the northwest corner of the building with rifle and three fully loaded rifle magazines for reloads on his persons.

- 08:35:35 STURGEON encounters first victim, [Redacted] (W/F) in the hallway outside of the conference, verbally says “time to go” to her. STURGEON then pulls the trigger with no successful discharge and re-charges the rifle and shoots her one time striking her in the leg.

- 08:35:37 STURGEON turns his attention to conference room, while simultaneously charging the rifle again (possibly ejecting a live round).

- 08:35:38 STURGEON opens fire on occupants of the conference room as they are attempting to flee. There were 13 people in the conference when STURGEON began to open fire.

1. [Redacted]
2. [Redacted]
3. Judy Eckert
4. [Redacted]
5. [Redacted]
6. Tommy Elliott
7. [Redacted]
8. [Redacted]
9. [Redacted]
10. Julianna Farmer
11. Jim Tutt
12. Josh Barrick
13. [Redacted]

* [Redacted] was the only person able to leave the room unharmed and able to leave the building immediately.
STURGEON strikes Joshua Barrick in the hallway outside of the conference room as he is trying to flee, causing his death. STURGEON continues to fire into the conference room while closing distance to the entry door. STURGEON stands outside of the entry door of the conference and proceeds to shoot and kill Thomas Elliott, James Tutt and Juliana Farmer.

STURGEON continues to shoot at the other occupants of the conference room by taking different stances/angles of fire to strike them while they are hiding behind objects in the room. STURGEON was able shoot [REDACTED], [REDACTED] and Judy Eckert. All these victims survived their injuries at University Hospital after being transported except for Judy Eckert, who was pronounced deceased at 1826 hours.

STURGEON fired approximately 25-30 rounds total into the conference room.

- 08:35:58 STURGEON turns away from the conference room, reloads his rifle and waits inside of the hallway without engaging or attempting to making engagements with anyone else in the building. STURGEON does not actively move throughout the building or seek anymore victims based off his mannerisms.

*DURING THE NEXT FOUR MINUTES OF STURGEON STANDING IN THE HALLWAY, [REDACTED] AND [REDACTED] WERE ABLE TO ESCAPE THE CONFERENCE ROOM AND BUILDING TO RUN ACROSS THE STREET FOR HELP.

- 08:39:01-08:39:09 STURGEON moves from his hiding position in the hallway towards the front of the bank and scans the area then moves back to his original position of hiding in the hallway.

- 08:39:28 STURGEON is still in his position of hiding in the hallway, peeking out and continuously scanning the area—even checks the time on his watch.

- 08:39:54 STURGEON changes his position to the front northeast corner office area to set up a new firing position.

- 08:40:53 STURGEON fires two rounds at the first responding police vehicle.

- 08:40:59 STURGEON shoots one round at two civilians (not striking them) who enter the lobby (presumably from elevator of an upper floor), forcing them back into the interior of the first floor.

- 08:41:04-08:41:33 STURGEON is pacing in between his secondary position of fire and the lobby.
08:41:35 STURGEON sees first responding officers arrive on foot from northeast side and begins to open fire (approximately 8-9 rounds) striking both officers. Officers returned fire during this encounter.

*This is believed to be the timing when [redacted] was shot in the leg as he was across the street trying to obtain help.*

08:42:04 STURGEON appears to shoot two more rounds at Officer Wilt as he lay on the ground and at the officers trying to give him aid.

08:42:04 - 08:44:36 STURGEON paces back and forth between lobby and northeast corner office looking out the window for responding officers from positions of cover.

08:43:36 STURGEON engages officers again in a firefight and appears to fire his remaining spent rounds before he is struck in the leg, arm and then the head by return gunfire from Officer Galloway, causing his death.

The entirety of the shooting was approximately 8 minutes from when [redacted] was shot until Officer Galloway shot Connor Sturgeon ending the assault. Connor Sturgeon fired over 40 rounds from his rifle, and performed a single magazine reload between the assault on the conference room before engaging with responding officers.

Further Details of Shooting

The following information was gathered from interviews of the surviving victims and physical evidence collected on scene.

The rifle that Connor Sturgeon used was a Radical Firearms RF-15. The rifle was equipped with a red dot sight optic and a M-Lok foregrip. Connor Sturgeon entered the bank with 120 rounds of 5.56 ammunition loaded between four separate rifle magazines. The Bureau of Alcohol, Tobacco and Firearms were able to determine from the serial number the rifle was purchased on April 4th, 2023, at 1155 hours from River City Firearms. All copies of purchase receipts and applications along with interviews gathered by the ATF agents from River City Firearms will be maintained in this case file.

Please refer to the following two diagrams for a layout of the shooting of Old National Bank. The first diagram is an overview of the first floor and the layout of the crime scene when investigators began to process the crime scene. The second diagram is the seating alignment of the conference room when the shooting took place which was provided and complied by several surviving victims.

Investigation into Connor Sturgeon

Upon positively identifying the shooter as Connor Sturgeon, the Digital Forensics Unit immediately began attempts to locate and preserve all social media associated with him. The following list are the search warrants drafted and executed directly tied into Connor Sturgeon

- Apple iCloud
- All AT&T Cell Phone Records
- Google G-Mail Account
- Instagram
- Snapchat
- Personal Laptop
- Personal Cellphone*
- Personal Hard Drive
- Residence of Connor Sturgeon
- Employment Records- Connor had been employed since 2018 with Old National Bank from internships to full time employment.

*Detective Christopher Rutherford conducted a thorough examination of the contents of the phone belonging to Connor Sturgeon, please refer to his detailed letter maintained within this case file.

The content of these returns will be stored electronically in this case file.

During the review of these returns, Detective did not locate any vast search history involving guns, violence, or any evidence of long-term planning leading up to the shooting of Old National Bank. The large majority of Connor Sturgeons electronic search history surrounded that of fantasy gaming (Pokémon, Elden Ring, Harry Potter etc), no games heavily involved with violence, and various sports related searches, most of which are basketball related. The days after Connor Sturgeon purchased the rifle, there were several searches of local gun ranges in the area, but no videos saved or searches about how to use a firearm or tutorials behind firearms. Detective followed up with the gun ranges Connor Sturgeon searched, however there was no record Connor Sturgeon went to any gun ranges prior to the shooting of the bank. Based off the footage from the shooting and the way Connor Sturgeon was handling the rifle, it appeared Connor Sturgeon did not have a firm understanding of how to operate his weapon system.

Detective did locate a plan written in the “Notes” app on the cell phone drafted on 2351 hours on April 9th, 2023

The following photo was the last "selfie" taken by Connor Sturgeon dated April 5th, 2023. The day after Connor Sturgeon purchased his rifle. Detective has seen numerous photos like this surrounding the "Joker Face" trend popular on social media.

*The search warrant returns from the social media accounts, cell phone download, computer download, employee records and medical records will be stored digitally within this case file
During the execution of the warrant at the residence of Connor Sturgeon, Detectives located the writings Connor Sturgeon left behind to be found. These writings were photographed and collected for evidence. The following is a summary of what Connor Sturgeon journaled in the week leading up to the shooting of Old National Bank. Direct quotes of entries in relation to the planning of the shooting of Old National Bank will be documented in this letter.

The first journal entry is dated April 3rd, one week prior to the shooting. This journal entry discusses Connor Sturgeon viewing his life as pointless and the need to make an impact or affect change. Connor Sturgeon then proceeds to list issues that weigh on him, such as inflation, climate disaster, gun access, lack of mental health care, and politicians with no interest in helping people. Connor Sturgeon then goes on to write his struggle with his depression and how he is unable to escape it even though he has been trying for the past year with therapy, medications, and other self-care methods. The next day after this journal entry is when Connor Sturgeon purchases his rifle.

The next journal entry is dated April 4th, the day the rifle was purchased.

Connor Sturgeon writes his “goals” to “tell my story” and “impact change- gun access”. Connor Sturgeon then proceeds to list his “story” involving having good family and friends and doing everything right in his professional and social life. Connor goes on to say he was able to buy a gun and highlighting again “politicians with no interest in making things better” and “stop letting anyone buy guns or this will keep happening.”

The following are direct quotes of entries on this journal date.

“I have decided to make an impact. These people did not deserve to die, but because I was depressed and able to buy ___(guns?), they are gone. Perhaps this is the impact for change— upper class white people dying. I certainly would not have been able to do this were it more difficult to get a gun. (Explanation of process). – just called in, 45 mins, get AR-15.”

“I know our politicians are solely focused on lining their own pockets, but maybe this will knock some sense into them. If not, good luck.”

The next several journal entries are personal letters left behind to select family and friends, and a Last Will and Testament to be found to divide his estate. These letters will be maintained in this case file.

April 9th journal entry(s), the day before the shooting (multiple pages of writings through this day).

“Something snapped Monday. This is not an accident. I’m sorry I had to lie all week, but this something I have to do. It has all been planned, and it is flawed but I think it will work. I know I won’t be around to see it, and I know that makes me a coward. But I pray this can send a message to those with power that they are not invincible. I’m sorry for everything. -Connor”

This writing matches with statements provided by his parents during the interview, in which they stated the previous week Connor Sturgeon told them he wanted to go on FMLA from work due to him having issues.
"Other Thoughts"

- I am just tired of fighting
- I was never going to reach anywhere near my full potential
- I couldn’t even handle a BS office at a bank
- I don’t think I am a terrorist, or a monster
- I may be a psycho
- I am definitely very sick
- No one ever know the full extent. I knew how to lie and give people the answers they wanted or needed to hear. The alternative was getting institutionalized again, or spinning my wheels on new medications or more therapy.
- If we want change, it will take enormous action. Because those in power care only about money and more power
- Even the supreme court is not blatantly corrupt.
- Dems get rich by doing nothing in the name of civility while they allow repubs to do whatever they want to whoever they want. A level of corruption that stands directly between us and progress.”

“Last thing of the night – The plan

“OH MY GOD THIS IS SO EASY. Seriously, I knew it would be doable but this is ridiculous. Walked in and bought a gun, 4 mags, and 120 rounds for $700. Got some glasses and earplugs/ Got my letters and social posts tee’d up. Outfit ready- walk in tomorrow around 0830 (time of L’ville team meeting in the boardroom)- dressed a bit casual w/ jeans but I shrug it off. Change into shirt w/ frocket (for IG Live). Text [REDACTED] plan for this notebook. OD, go to work.

It is legitimately unfathomable how easy this all was. I always knew I was A) cunning B) mean as absolute shit and C) a WAY better liar than anyone gave me credit for (the secret is leading with, “Yeah I’ve always been a bad liar”) (never cheated on a girl though), but good heavens I just lied to everyone so easily and none caught on. This is intentional. There is nothing anyone could have done. I’ll say it again, there is nothing anyone could have done. It only would have delayed the inevitable. I know how sick I am, and with this, this sickness wins, but on MY TERMS.

But let us not forget the most important player here. The one who made all this possible. Lets give it up for the NRA!! (raucous applause). I couldn’t have done this without all of your lobbying dollars! You really brought this whole thing together. This is the world you are building. One without any regard for the value of Human Life’

The next page writes “IM SORRY” written in large lettering taking up half of the page, and the next page writes “I CANT TAKE IT ANYMORE” in large lettering that take up half the page.

There are no further entries into this journal. The next morning is when the shooting of Old National Bank occurs.

*All Crime tips called in and attached to this case file were followed up by various detectives in which majority of the tips were found to be frivolous in nature.
Medical Reports

The finalized autopsy reports completed by Dr. William Ralston of the Jefferson County Medical Examiners office will be maintained in this case file. The brain and spinal cord of Connor Sturgeon was sent to the Mayo Clinic for more in-depth examination, specifically involving CTE. These findings will also be maintained in this case file. Consultation with the medical experts involved with the examination of the brain determined CTE was not present.

Thursday, June 29th:
During these meetings, Detective was able to acquire more in-depth information that helped put together the chain of events on April 10th, 2023, and more background into Connor Sturgeon and his tenure at Old National Bank. Several surviving victims stated Connor Sturgeon was able to obtain his employment due to his father, being best friends with who is the Chief Executive Officer of Commercial Banking at Old National Bank. Multiple surviving victims went on to say Connor Sturgeon possessed a poor work ethic while employed but was able to keep his job due the family ties with high-ranking members of Old National Bank.

**Case Summary**

After compiling and reviewing all evidence collected regarding the shooting of Old National Bank, Detective believes Connor Sturgeon was not in communication with any other parties in the preparing and planning of the shooting of Old National Bank. Detective did not locate any messages or phone calls with subject matter involving the shooting to any outside parties. Based on Connor Sturgeon's call history from his laptop and phone, the shooting was planned and executed within the week prior. Detective did not locate any searches of how to plan or enact a mass shooting. The only searches of direct relevance to the planning of the bank were after April 3rd, 2023. These searches were previously documented in this letter, with gun ranges, and finding the images used on his Instagram story the morning of the shooting. The journal entries possess in detail the plan Connor Sturgeon created for the shooting. Connor Sturgeon writes about his change of his shirt with a “frocket”, which is a shirt with a front pocket, this was for Connor Sturgeon to place his phone camera facing outward to live stream his events on Instagram Live, which Connor Sturgeon wrote he would do. Detective believes the journal entries left behind by Connor Sturgeon are direct information to the planning and his mindset in the days leading up to the shooting, with his possible motives for his actions including political issues surrounding corrupt politicians and lack of gun control.

POST MORTEM EXAMINATION
OF THE BODY OF
STURGEON, CONNOR    ME23-0423

A post mortem examination of the body identified by the Jefferson County Coroner’s Office as Connor Sturgeon is performed at the Bingham Building on April 11, 2023 at 11:30 a.m. by Dr. William Ralsion. Attendants are Jason Ritter and Amanda Adkisson.

EXTERIOR OF THE BODY

The body is received wearing a blue shirt, white T-shirt, blue jeans, black belt, black underwear, gray socks, and gray shoes. The hands are bagged bilaterally. Ear plugs are present within the bilateral ears. An identification bracelet is present about the left ankle. A black plastic bracelet is present on the right wrist. A projectile is recovered from within the body bag.

The body is that of a well-developed, well-nourished, white male appearing consistent with the given age of 25 years. The body has a measured height of 75” and a weight of 213 pounds. The scalp hair is brown and measures 5” in length. The pupils are equal, round, and measure 0.4 cm. They are viewed through transparent corneas. The sclerae and conjunctivae are clear. The irides are brown. The nose is free of foreign material and atraumatic. The ears are free of foreign material and atraumatic. The anterior natural dentition is present and in good repair. A brown beard and moustache are present. Superficial lymph nodes are not enlarged. The trachea is in the midline. The chest is symmetric with no abnormal mobility. The abdomen demonstrates no discernible surgical scar. The external genitalia are male. There is no evidence of peripheral edema. Rigor mortis is well-formed in the major muscle groups. Livor mortis is present over the posterior aspects of the body except over pressure points.

IDENTIFYING SCARS, MARKS AND TATTOOS

1. Over the posterior aspects of the left elbow is a well-healed, linear scar.

EVIDENCE OF MEDICAL TREATMENT

1. None apparent.

RADIOLOGY

Radiographs are obtained and reveal retained projectile fragments within the left thigh, a projectile within the right neck, and small projectile fragments within the right forearm with fracture of the forearm.

INJURIES
THE GUNSHOT WOUNDS AND PROJECTILE PATHS ARE ARBITRARILY DESIGNATED NOT NECESSARILY IN ORDER OF OCCURRENCE OR SIGNIFICANCE.

1. Gunshot wound #1: Over the posterior ulnar aspect of the dorsal right forearm is a 3/16" gunshot entrance wound. A 1/8" abrasion collar is present. Soot and stippling are not identified.
2. Gunshot wound #2: Over the posterior aspect of the distal right arm is a 1/2" gunshot exit wound.
3. Gunshot wound #3: Centered 28-1/2" superior to the left heel, over the anterior lateral aspect of the distal left thigh is a 3" gunshot exit wound.
4. Gunshot wound #4: Centered 5" superior to the bridge of the nose and in the midline vertex of the head is a 1/4" gunshot entrance wound. A 1/8" abrasion collar is present. Soot and stippling are not identified.
5. Gunshot wound #5: Centered 32" superior to the left heel and over the posterolateral aspect of the proximal left thigh is a 1/4" gunshot entrance wound. A 1/8" abrasion collar extends from the 12:00 to 3:00 position. Soot and stippling are not identified.

ADDITIONAL INJURIES

Over the right posterior occipital scalp is a 1" x 1/16" curvilinear abrasion. Over the posterior occipital scalp, centered 7" posterior to and 3-1/2" superior to the right external auditory canal, is a 1/2" x 1/2" laceration with surrounding abrasion.

PATHS OF PROJECTILES

Projectile path #1: The projectile enters through gunshot wound #1 in the right forearm, fracturing the right forearm and exiting through gunshot wound #2 in the right posterior arm.

Projectile path #2: The projectile enters through gunshot wound #5 in the left lateral thigh, progresses through the soft tissue of the thigh and exits through gunshot wound #3 in the anterolateral aspect of the left thigh. A projectile fragment is recovered from the wound path.

Projectile path #3: The projectile enters the head through gunshot wound #4 over the vertex of the scalp, involves multiple cranial bones as well as the bilateral medial parietal lobes of the brain. The projectile then transects the mid brain, exits the skull through the right middle cranial fossa, entering into the right neck and involving the right carotid artery. A projectile is recovered from the right neck. The projectile causes fractures of the bilateral anterior and middle cranial fossa, the frontal bone, the bilateral parietal and temporal bones, and the occipital bone. The path of this projectile is from superior to inferior and slightly left to right (lateral).

THESE INJURIES MAY NOT BE FURTHER DELINEATED WITHIN THE BULK OF THIS REPORT.
INTERIOR OF THE BODY

A "Y" incision is carried through a midline panniculus measuring up to 1" and through thin, reddish musculature into an abdominal cavity lined with glistening serosa and containing no free fluid. Generally, the intra-abdominal viscera maintain their usual in situ relations. The veriform appendix is present. Anteriorly, the liver edge is sharp and the diaphragm displays no abnormality.

The mediastinum is in the midline. The lungs are normally inflated. There is no free fluid noted in either smooth, pleural space.

CARDIOVASCULAR

The heart is of normal configuration and weighs 360 grams. The epicardial surface contains a normal amount of glistening, yellow adipose tissue. The cardiac chambers are of proportionate capacity. The mural and valvular endocardia are smooth and glistening. There is no abnormality of the valves. The papillary muscles and projecting myocardial muscle bundles are of normal prominence. The chordae tendineae display no abnormality. The coronary ostia are in their usual location and give rise to normally distributed patent coronary arteries. On section, the firm, brown myocardium is of normal consistency. No focus of scar or acute hemorrhage is demonstrated.

The systemic aorta is of normal caliber and elasticity. The intimal surface is smooth and glistening. The ostia of the large branches are of normal distribution and dimension. Exploration and inspection of the large veins reveals no evidence of ante mortem clot.

RESPIRATORY

The lungs are of the usual lobation and weigh 1000 and 1160 grams, right and left respectively. Mild to moderate amounts of subpleural anthracotic pigment are present within all lobes. The lungs are of normal crepitance. The pleurae are generally smooth and glistening. The bronchi are of normal distribution and dimension. They are lined with smooth, tan epithelium. There is no evidence of ante mortem thromboemboli. On section, the usual fine, lacy pulmonary architecture is preserved. No focus of consolidation, calcification or friability formation is demonstrated. The hilar lymph nodes are mildly anthracotic and non-calcified.

LIVER AND GALLBLADDER

The liver weighs 1560 grams. The capsule is intact, smooth and shiny. On section, the hepatic substance is homogeneously brown and of normal consistency. No focal abnormal markings are demonstrated.

The smooth-walled gallbladder contains approximately 25 cc of bile. Stone is not demonstrated. Exploration and inspection of the large bile ducts reveal them to be of normal distribution and dimension. They are patent and free of stone.

PANCREAS
The pancreas is in its usual location and on section is composed of normally lobulated, yellow/tan, soft substance. No focus of calcification is demonstrated.

ADRENALS

The adrenal glands are in their usual location and are of normal size and shape. On section, they are composed of smooth, yellow outer cortical rims which overlie zones of deeper brown cortical and gray medullary substances.

GENITOURINARY

The kidneys are of similar size and shape. Together they weigh 240 grams. The capsules may be removed easily to reveal smooth, medium brown renal surfaces. On section, the cortices and medullae are well demarcated. The usual arcuate markings are preserved. No abnormality of the calyx, pelvis, cortex or medulla is demonstrated. The ureters are patent.

The urinary bladder contains 50 cc of urine. The openings of the ureters into the bladder are normal. The bladder mucosa is light tan and finely wrinkled.

The prostate gland is of normal size and shape. On section, it is composed of firm, white, almost rubbery substance. No focus of nodularity or yellow discoloration is demonstrated.

SPLEEN

The spleen weighs 160 grams. The capsule is smooth, shiny and intact. On section, no focal abnormal markings are demonstrated. The usual follicular and trabecular markings are preserved.

ALIMENTARY

The smooth-walled esophagus is intact, of usual thickness and gray. Its mucosa is present in normal longitudinal folds. The cardioesophageal junction is easily identified. The gastric wall is intact and of usual thickness. No abnormality of its serosal surface is demonstrated. The gastric mucosa is present in its normal rugal pattern. The stomach contains 10 cc of tan fluid. The pylorus and duodenum display no abnormality. The small and large intestines are not remarkable.

MUSCULOSKELETAL

Examination and palpation of the spine, ribs, shoulder girdle and pelvis fails to reveal fracture.

NECK
Soft tissue hemorrhage is seen in association with the path of the projectile. The hyoid bone and thyroid cartilages are intact. The larynx and trachea are of average caliber. The vocal cords display no abnormality.

The tongue displays no abnormality.

THYROID

The thyroid gland demonstrates no abnormality.

HEAD

The scalp is reflected in the usual manner and reveals hemorrhage in association with the path of the projectile. The calvarium demonstrates the previously described defects. The brain is of the normal convolutional pattern and is briefly examined and retained for neuropathologic examination (see Neuropathology Report).

Examination of the arteries at the base of the skull after removal of the brain and dura reveals the previously described fractures.

DISPOSITION OF EVIDENCE

The following items are maintained at the OCME:

1) Identification and documentation diagrams, radiograph, and photographs
2) A DNA standard card
3) Blood for short term storage
4) Tissue sections for stock

The following items are submitted to AXIS Laboratory in a sealed kit:

1) Heart blood
2) Urine
3) Vitreous fluid

The following items are received by Louisville Metro Police Department CSU:

1) Identification and documentation photographs
2) Head hair standard
3) Bags from hands Fingernail clippings and clippers
4) Clothing
5) A DNA standard card
6) Identification fingerprints
7) Three recovered projectiles/fragments

The following items are received from the Jefferson County Coroner's Office:

1) Black plastic bracelet
2) Two orange ear plugs
The central nervous system tissue is submitted to Mayo Clinic Laboratories for neuropathology examination.

INTERPRETATION

FINAL DIAGNOSIS

BRAIN (AUTOPSY)
1. Diffuse cerebral subarachnoid and intraventricular blood
2. Marked laceration of posterior and medial frontal lobes
3. Deep gray structures, midline, laceration with associated acute contusions
4. Midbrain and pons, right greater than left, laceration with associated acute contusions
5. Mild petechial arteriolosclerosis with perivascular pigment-laden macrophages
6. Neocortical, medial temporal lobes, deep grey structures, and brainstem, no tau pathology
7. Brain weight, 1588.1 g (in aggregate, fixed)

ATF Form 4473 (5/09)
Revised December 2002
I certify that my answers in Section B are true, correct, and complete. I have read and understand the Notices, Instructions, and Definitions on ATF Form 4473. I understand that answering "yes" to question 21.a. is a crime punishable by a felony under Federal law, and may also violate State and/or local law. I understand that a person who answers "yes" to any of the questions 21.b. through 21.n. is prohibited from receiving or possessing a firearm. I understand that a person who answers "yes" to question 21.n. is prohibited from receiving or possessing a firearm unless the person answers "yes" to question 21.n.2. and provides the documentation required in 260a. I also understand that making any false oral or written statement, or exhibiting any false or misrepresented identification with respect to this transaction, is a crime punishable by a felony under Federal law, and may also violate State and/or local law. I further understand that the repetitive purchase of firearms for the purpose of resale to predominantly earn a profit without a Federal firearms license is a violation of Federal law.

Section D - Must Be Completed Personally By Transferee/Buyer

I certify that all of my responses in Section B of this form are still true, correct, and complete.

Section E - Must Be Completed By Transferor/Seller

The Individual Transferring The Firearms Must Complete Questions 34-36.

I certify that: (1) I have read and understand the Notice, Instructions, and Definitions on this ATF Form 4473; (2) the information recorded in Sections A, C, E, and F is true, correct, and complete; and (3) this entire transaction record has been completed at the licensed business premises ("licensed premises") includes business temporarily conducted from a qualifying gun show or event in the same State in which the licensed premises is located; unless this transaction has met the requirements of 18 U.S.C. § 922(c). If this transaction has been denied or cancelled by NICS or State agency, I further certify on the basis of — (1) the transference buyer’s responses in Section B (and Section C, if applicable); (2) the verification of the identification recorded in question 26 (and the re-verification of the time of transfer, if Section D was completed); and (3) State or local law applicable to the firearms business — that it is my belief that it is not unlawful for me to sell, deliver, transport, or otherwise dispose of the firearm(s) listed on this form to the person identified in Section B. If this transaction required a NICS check, I further certify that this firearm(s) transfer is within 30 days from the date of the initial contact with NICS.

The Individual Who Completed Section C Must Complete Questions 34-35.

For Denied/Cancelled Transactions, The Individual Who Completed Section C Must Complete Questions 34-35.

REMEMBER - By the Close of Business Complete ATF Form 3310A for Multiple Sales of Handguns Within 5 Consecutive Business Days.
Form 447: This form must be completed and signed by the transferee and transferred. It must be accompanied by the appropriate transfer fee. If more than one form is required, each form must be completed and signed by the transferee and transferred. The form must be returned to the duly designated law enforcement officer within 30 days of receipt.

The transferee shall be noted in Sections A, C, D, and E. If the transferee is a minor, the transferee's parent or legal guardian shall sign the form.

If the transferee is under the age of 18, the transferee's parent or legal guardian shall sign the form.

Section A

Questions 1-6. Firearms Description: The transferee must complete the firearm information section. All firearms manufactured or imported after 1968 are marked with a serial number. The transferee shall mark the firearm with a serial number. The serial number shall be recorded on the form. The serial number shall be recorded on the form. The serial number shall be recorded on the form.

If more than three firearms are involved in a transaction, please provide information required by Section A. Questions 1-5, on an ATF Form 5300.8A, Firearms Transaction Record Conversion Sheet. The completed form 5300.8A must be attached to this ATF Form 447.

Section B

Types of firearms included: handguns, revolvers, rifles, shotguns, pistols, and firearms that are not fully automatic. The firearms are required to be transferred.

Additional firearms purchased by the transferee/buyer may not be added to the form after the transferee/buyer has signed and dated the form.

Section C

The transferee/buyer must personally complete Section C of this form and certify that the answers are true, correct, and complete.

If the transferee/buyer is a minor, the transferee/buyer's parent or legal guardian shall sign the form.

Section D

The transferee/buyer must write the transferee/buyer's name on the form. If the transferee/buyer is a minor, the transferee/buyer's parent or legal guardian shall sign the form.
Section C

Question 24. Category of Firearm(s): "Other" refers to frames, receivers, and other firearms that are neither handguns nor long guns (rifles or shotguns). Sufficiently similar firearms, such as firearms having a pistol grip that expose a shotgun shell, of National Firearms Act (NFA) firearms, including silencers. If a frame or receiver can only be made into a long gun (title shot), it is a frame or receiver, not a handgun or long gun. All frames and receivers are "firearms" by definition and subject to the same CAGA limitations. See 18 U.S.C. § 922(a)(4)(B). 8 U.S.C. § 922(b)(1) makes it unlawful for a licensee to sell any firearm other than a shotgun or rifle to any person under the age of 21. Since a frame or receiver is a firearm, to include one that can only be made into a long gun, is a "firearm," a frame or receiver cannot be transferred to anyone under the age of 21. Nor can these firearms be transferred to anyone who is not a resident of the State where the transfer is to take place. Also, note that multiple sales forms are not required for frames or receivers of any firearm, or pistol grip shotguns, since they are not "pistol or revolver" under 18 U.S.C. § 921(b)(1).

Question 25. Qualifying Gun Show Event: As defined in 27 CFR 478.106, a gun show, or any function sponsored by any national, State, local, or international organization, is 10 or more firearm manufacturers or dealers, or any manufacturer or organization that sponsors functions devoted to the collection, competitive use, or sport use of firearms, or an organization or association that sponsors functions devoted to the collection, competitive use, or sport use of firearms in the community.

Question 26.a. Identification: Before a licensee may sell or deliver a firearm to a nonlicensee, the licensee must establish the identity, place of residence, and age of the transferee. The transferee must provide a valid government-issued photo identification document to the transferee. The transferee must also provide the transferee’s buyer’s name, residence address, and date of birth. A driver’s license or an identification card issued by a State is acceptable. Social Security cards are not acceptable because no address, date of birth, or photograph is shown on the card.

If the identification document includes a driver’s license or identification card issued by a State, the transferee must also provide the transferee’s military identification card in response to 27CFR 478.106a. In addition, if a person orders in 27CFR 478.106b.

Question 26.d. Exceptions to the Nonimmigrant Alien Prohibition: An alien admitted to the United States under a temporary visa is not prohibited from purchasing, receiving, or possessing a firearm if the alien is in possession of a valid temporary visa issued by the Department of Homeland Security, to the State or local government, or an Indian tribe federally recognized by the Bureau of Indian Affairs.
A member of the Armed Forces must answer "yes" to 21 U.S.C. 922(f) if charged with an offense that is related to a general court-martial. A current or former member of the Armed Forces must answer "yes" to 21 U.S.C. 922(f) if convicted under a general court-martial. Discharged under dishonorable conditions means separation from the Armed Forces resulting from a dishonorable discharge or dismissal adjudged by a general court-martial. This term does not include any other discharge or separation.

EXCEPTION: A person is not prohibited from possessing a firearm if (1) has been convicted of an offense punishable by imprisonment of one year or less, or (2) has been convicted of a State misdemeanor punishable by imprisonment of two years or less, or (3) following conviction of a felony or other crime for which the judge could have imposed the person for more than one year, or a misdemeanor crime of domestic violence, has received a pardon, or a pardon is set aside, if the court finds that the person has not been convicted of an offense that would disqualify the person under 18 U.S.C. 922(g). A person subject to any of these exceptions, or who received relief from disabilities under 18 U.S.C. 921(c), should answer "no" to the applicable question.

Question 21.f. Possession of a firearm by a person subject to a court-martial. A person who has been convicted of a firearm or other crime punishable by imprisonment of less than two years or a misdemeanor crime of domestic violence is not disqualified from possessing firearms. However, a person who has been convicted of any other offense that would disqualify the person under 18 U.S.C. 922(g) is not disqualified if the person has not been convicted of a crime that would disqualify the person under 18 U.S.C. 921(c).

EXCEPTION: A person is not prohibited from possessing a firearm if (1) has been convicted of an offense punishable by imprisonment of one year or less, or (2) has been convicted of a State misdemeanor punishable by imprisonment of two years or less, or (3) following conviction of a felony or other crime for which the judge could have imposed the person for more than one year, or a misdemeanor crime of domestic violence, has received a pardon, or a pardon is set aside, if the court finds that the person has not been convicted of an offense that would disqualify the person under 18 U.S.C. 922(g). A person subject to any of these exceptions, or who received relief from disabilities under 18 U.S.C. 921(c), should answer "no" to the applicable question.

Question 21.g. Possession of a firearm by a person subject to a court-martial. A person who has been convicted of a firearm or other crime punishable by imprisonment of less than two years or a misdemeanor crime of domestic violence is not disqualified from possessing firearms. However, a person who has been convicted of any other offense that would disqualify the person under 18 U.S.C. 922(g) is not disqualified if the person has not been convicted of a crime that would disqualify the person under 18 U.S.C. 921(c).

EXCEPTION: A person is not prohibited from possessing a firearm if (1) has been convicted of an offense punishable by imprisonment of one year or less, or (2) has been convicted of a State misdemeanor punishable by imprisonment of two years or less, or (3) following conviction of a felony or other crime for which the judge could have imposed the person for more than one year, or a misdemeanor crime of domestic violence, has received a pardon, or a pardon is set aside, if the court finds that the person has not been convicted of an offense that would disqualify the person under 18 U.S.C. 922(g). A person subject to any of these exceptions, or who received relief from disabilities under 18 U.S.C. 921(c), should answer "no" to the applicable question.

Question 21.h. Possession of a firearm by a person subject to a court-martial. A person who has been convicted of a firearm or other crime punishable by imprisonment of less than two years or a misdemeanor crime of domestic violence is not disqualified from possessing firearms. However, a person who has been convicted of any other offense that would disqualify the person under 18 U.S.C. 922(g) is not disqualified if the person has not been convicted of a crime that would disqualify the person under 18 U.S.C. 921(c).

EXCEPTION: A person is not prohibited from possessing a firearm if (1) has been convicted of an offense punishable by imprisonment of one year or less, or (2) has been convicted of a State misdemeanor punishable by imprisonment of two years or less, or (3) following conviction of a felony or other crime for which the judge could have imposed the person for more than one year, or a misdemeanor crime of domestic violence, has received a pardon, or a pardon is set aside, if the court finds that the person has not been convicted of an offense that would disqualify the person under 18 U.S.C. 922(g). A person subject to any of these exceptions, or who received relief from disabilities under 18 U.S.C. 921(c), should answer "no" to the applicable question.

Question 21.i. Possession of a firearm by a person subject to a court-martial. A person who has been convicted of a firearm or other crime punishable by imprisonment of less than two years or a misdemeanor crime of domestic violence is not disqualified from possessing firearms. However, a person who has been convicted of any other offense that would disqualify the person under 18 U.S.C. 922(g) is not disqualified if the person has not been convicted of a crime that would disqualify the person under 18 U.S.C. 921(c).

EXCEPTION: A person is not prohibited from possessing a firearm if (1) has been convicted of an offense punishable by imprisonment of one year or less, or (2) has been convicted of a State misdemeanor punishable by imprisonment of two years or less, or (3) following conviction of a felony or other crime for which the judge could have imposed the person for more than one year, or a misdemeanor crime of domestic violence, has received a pardon, or a pardon is set aside, if the court finds that the person has not been convicted of an offense that would disqualify the person under 18 U.S.C. 922(g). A person subject to any of these exceptions, or who received relief from disabilities under 18 U.S.C. 921(c), should answer "no" to the applicable question.
Questions 34 and 31. Transfer on a Different Day and Reverification: If the transfer takes place on a different day from the date that the transferee/buyer submitted a signature to the ATF, the transferee/buyer must go to an FFL to complete the transfer process. If the transfer was completed by ATF on the same day as the NICS check, the ATF will provide the transferee/buyer with the NICS transfer receipt as required by 27 CFR 478.21. A firearm must be transferred to any transferee/buyer who fails to provide such documentation.

A NICS check must be conducted if an NFA firearm has been approved for transfer to an entity, such as a corporation, that undergoes a legal change of ownership. The NICS check must be conducted as part of the NFA approval process and if the individual who will receive the firearm has not undergone a background check during the NFA approval process, the transferee must undergo a new NFA approval for the firearm.

Privacy Act Information

Notification of this information is authorized under 18 U.S.C. 921(b)(3) and 922(b)(5). Disclosure of this information by the transferee/buyer is mandatory for the transfer of a firearm. Disclosure of the individual’s Social Security number is voluntary. The number may be used to verify the transferee/buyer’s identity.

Something snapped mentally. This is not an accident. I'm sorry I had to lie all week but this is something I have to do. It has all been planned and it is planned but I think it will work.
I know I won't be around to see it, and I know that makes me a coward. But I pray this can send a message to those with power that they are not invincible.
I'm sorry for everything.

I'm not sure I want to be around to eat it, and I know that...

I really been planning on it, but I think I'll do it. I have to go. I'm sorry. Something snuck up on me. This is not on accident. I'm sorry.

If I can't come to full for anything, soft but I can't be.

I'm not sure I want to be around to eat it, and I know that...

I'm sorry for everything. I do feel with you. That they are not manageable. I am a coward. But I can't help. This can send a message. I know I won't be bought to see it, and I know that makes me all been planned, and it is planned, but I think it will still be. I don't like all much but this is something I have to do. I'm sorry. Something snapped wrong. This is not an accident. I'm sorry.
Dear [Name],

I hope this letter finds you well. We've been busy lately, but things are looking up. I wanted to check in and see how you're doing.

I've been working on some new projects at [Company] and things are going well. I've been spending a lot of time at the office, but I'm managing to find some time for myself.

I heard that [Event] is coming up soon. Are you planning to go? I'm thinking about attending as well.

I wanted to ask you about [Topic]. I know you've been working on it, and I'm curious to see how it's coming along.

Let me know if you're free to catch up soon. I'd love to hear about your recent projects and what you've been up to.

Wishing you all the best,

[Your Name]
Goals - Kill my story

- Impact change - gun access

- Story - good family no issues
  - good grades, no debt -> did everything right
  - led healthier life w/ career than politician

- Kelso
  - BUT always struggled w/ anxiety (1st 13)
  - suicide attempt lasting 7 days, facility -> good outcome treatment
  - able to buy gun

I have decided to make an impact. These people do not deserve to die, but because I was depressed and able to buy guns, they are gone. Perhaps this is the impetus for change - upper class white people dying. I certainly would not have been able to do this, nor it more difficult to get a gun (explanation of process)

I know our politicians are solely focused on living their own policies, but maybe they will knock some sense into them. If not, good luck.

Just walked in, 45 mins, got AR-15.

I'm sorry I have to do this buddy. I just can't take it anymore. You have been a perfect friend. Couldn't have asked for a better drinking buddy, friend, landlord, or sparring partner. Keep doing your thing, being kind to everyone, and making a positive impact on everyone around you.

Love you buddy,

Connor
Mom & Dad,

I’m so sorry for what I have to do. You two have been the most supportive, understanding parents on the planet as I have struggled through the past few years. But I cannot take it anymore. I can’t take the pressure & life, the expectations I put on myself, the idea that there was nothing to work towards, that I had no purpose. I cannot say enough how much I love you both, and that there is nothing else that anyone could have done for me. But, I am at least going to try to have some impact at the end here. Last week, I walked into a gun store, and walked out with an AR-15, 3 additional magazines, and 120 rounds of ammunition. 45 minutes later. All I had to do was lie that a friend got his home broken into, check some boxes that I hadn’t been institutionalized (false) or would use it for violence (also false). This country and its politicians have decided that money is more valuable than lives. Let’s see if that changes once the fat cats start feeling the pain. They won’t listen to words or peaceful protests, so let’s see if they listen to bullets. Hopefully the lives lost tomorrow can save some in the future.
Please do what you can to help others, and to stop the sale of WMDs to psychopaths like me.

I love you both forever.

Connor

Ps. please read through my notes here to try to understand why I am doing this. This is not senseless. And if anyone sends “thoughts and prayers”, give them the wrath of God.
I'm sorry I have to do this buddy. I just can't feel anymore. You have been a perfect buddy. Friend, handball, josh, and so on.

Keep doing your thing, being kind to everyone, and making a positive impact on everyone around you.

Love you buddy.

Connor
God's will was no part of me. Set up 200 volunteers to send a message to politicians.

Cancer

Love you forever,

Hopefully, the chemotherapy is as much as good as it always did.

Keep standing up for what you believe in, and try to do

I wish I could have fought harder like you always do.

I'm sorry for what I have to do, and that I have
I love you forever.

I don't think this is an acceptable. But if there is, I'll be willing to think twice. You and you. Keep being a positive impact on my life.

I will always love you. Despite our imperfect selves, I believe we are perfect together. You have been such a positive influence in my life and dreams. Keep being kind, good, supportive, and considerate. Your hard work means so much. I am so grateful for you.

Love you so so much. I'm so sorry that I have to write this. But I cannot bear my own burden any longer.
To everyone else,

I love you all. Every one of you had a positive impact on my life, in a million different ways. I'm sorry I'm too much of a coward to tell you so directly.

Other Thoughts

- I am just tired of fighting
- I was never going to reach anywhere near my full potential.
- I couldn’t even handle a BS office job at a bank
- I don’t think I am a terrorist, or a monster
- I may be a psycho
- I am definitely very sick
- No one ever knew the full extent. I was/ know how to
  lie and give people the answers they wanted or needed to hear.
- The entire system was getting institutionalized again, or priming my wheels
  on new medications, or more therapy

- If we want change, it will take enormous action. Because
  there is power care only about money & more power
- Even the supreme court is now blatantly corrupt
- Dems get rich by doing nothing in the name of civility while
  they allow Repubs to do whatever they want to whoever they
  want. A level of corruption that stands directly between
  us and progress.
Last night & the night - the plan

OMG GOD THIS IS SO EASY
Seriously, I knew it would be doable but this is ridiculous. Walked in and bought a gun, 4 mags, and 120 rounds for $700. Got some glasses and earplugs. Got my letters and social posts ready up. Outfit ready - walk in tomorrow am around 8:30 (time to L'Hill in meeting in boardroom) - dressed a bit unibrowed & jeans but I shaven it off, changed into shirt w/ friggin (for 9a live). Text plan for this notebook, OD 60° to work.

It is laughably unfathomable how easy this all was. I always knew I was A) creepy, B) mean as absolute shit, and C) a WAY better liar than anyone gave me credit for (the secret is leading with, "Yeah, I've always been a bad liar") (Never cheated on a girl though), but Good Heavens I just had to do everyone so easily and no one caught on. That is intentional. There is nothing anyone could have done. I'll say it again - there is nothing anyone could have done. It only would have delayed the inevitable. I know how sick I am, and with this, the sickness ends, but on MY TERMS.
But let us not forget the most important player here. The one who made all this possible, let's give it up for the NRA!! (raucous applause)
I couldn't have done this without all of your lobbying dollars.

You really brought this whole thing together. This is the world you are building.

One without any regard for the value of human life.
